

Tribute to Blitz Rohrs

Blitz Rohrs, nee Guthrie, who passed away last night after a long illness bravely fought, will be remembered with love and great respect by many in the SANEF family – most especially the older members.

She was an amazing person, a true horsewoman. She was a South African Jumping Champion in her younger days and rode to victory on her great horse, Bold Fighter. Later in her life she competed in dressage and showing – with much success – on her last mount, Little Sparrow.

Blitz achieved many accomplishments all through her life. She was a National Showing Judge, Jumping Judge and Dressage Judge. She was a member of the KZNHS Executive Committee for many years. She was one of the original “Dressage Promotions” committee members who worked tirelessly to install the dressage arenas at the Durban Shongweni Club. She ran the electronic timing for KZNHS; she was a familiar figure carrying the heavy batteries that were used in those days. She ran a most successful business – manufacturing Super Codlivine. Super Codlivine was one of the first “horse” supplements on the market.

She was brave, strong, kind and generous. She helped many people in many ways, quietly asking nothing in return. She had a true love of our Sport and the Horse. She really was an amazing lady.
