### Teams:

- 1<sup>st</sup> Gauteng
- 2<sup>nd</sup> Eastern Cape
- 3<sup>rd</sup> Free State & Northern Cape
- 4<sup>th</sup> Kwa-Zulu Natal
- 5<sup>th</sup> Mpumalanga

## FEI CPEDI3\* AUGUST 2011

This was a show of firsts. A first Paralympic Qualifier for KZN, the first time the fiber arena at Durban Shongweni Club was used for Dressage and the first time these International Judges had been asked to judge both Para Dressage and able bodied Dressage at this level on the same day! Ulf Wilken our judge from Sweden said at the prize giving that to the best of his knowledge it was the first time in the World that a judge had been asked to judge a Grade 1a and an Intermediare 1 test on the same day and that he had really enjoyed the experience and it is the way the FEI wishes to go forward in the future. It was also the first time that we have combined a CPEDI 3\* with our SA Para Championships and a Dressage Provincial Championship Show in one event.

### RESULTS:

The South African Team Competition was won by Gauteng, represented by Gary Allpass, Cathy Lloyd, Marion Milne and Wendy Moller. KZN came 2<sup>nd</sup> and Western Province 3<sup>rd</sup>.

**Team Test** : Grade 1 Marion Milne riding Baron 1<sup>st</sup> 71.36% , Grade II Wendy Moller riding Rafiki 1<sup>st</sup> 67.78%, Anthony Dawson riding Ardmore Ceramics Remus B 2<sup>nd</sup> 67.46% and in 1<sup>st</sup> in Grade IV Cathy Lloyd riding Tokoziza .

**Individual Championship Test:** Grade 1 Marion Milne and Baron 71.38%, Grade II Anthony Dawson and Ardmore Ceramics Remus B 68.81%, and Grade IV Cathy Lloyd and Tokoziza 63.22%. **Freestyle Test** winners were: Grade 1

are Marion Milne and Baron 65.75%; Grade II Wendy Moller riding Rafiki 72.67% and Grade IV Gary Allpass and Runaway Warrior 61.58%.

The Victor Lodorum for Para Dressage was Marion Milne riding Baron and the rider who achieved the highest score at SA Champs was Wendy Moller and Rafiki. Anthony Dawson, Marion Milne and Wendy Moller all achieved qualifying scores above 65% which SASCOC have indicated as the minimum score to be considered for selection to London 2012.

The competition provided an opportunity to have more riders classified which means we have added new members to our sport. We were also able to provide training for our judges by Kathy Amos Jacobs who also was available to give tuition and provided all the Para riders feedback with regard to their Tests. Many of the riders on the Para TID Programme were able to use this opportunity for practical training. Ulf Wilken who had come on behalf of the IGQ to observe our National Instructors Plan examinations and agreed to stay on and judge gave a clinic and feedback to Instructors and Examiners prior to competition. This collaboration and interaction with so many different parties was exciting and a great way to really maximize the utilization of the few resources that are available to our sport.

## Overseas

News from Philippa Johnson

*Philippa on Verdi at Heihof*

Dear All

This weekend was not a competition but a demonstration. Normally I wouldn't have bothered you with it but it went so well I thought I would drop you a quick e-mail. What made it so special was the fact that they had asked Chris and I to do this demonstration at Heihof last year. By that time I had only had Verdi not quite 2 months, felt completely out of control and we could do 1 flying change to the right.

One year later and what a difference, even down to the fact that we could show 9 changes every 2 strides!! The first line there was one mistake but the second line was clean!! So Verdi is going in the right direction!! Tiffany, I have attached a photo that my best friend made which I thought was really beautiful showing the SA flag. I don't know if you would ever be interested in using it, if so you know where to find it!!

CPEDN Belgium National Championships  
Dear All

This week has been the Belgium National Championships at Stal Hulsterlo, Meerdonk. The Para Championships was held at the same time and to boost rider numbers the Dutch & Israeli riders as well as myself were invited! On Thursday we rode the Championships, Verdi was very sharp in the warm up arena and was having a good look at everything but once he got into the arena he got down to his job of work. Unfortunately having felt him in the warm up I rode him far too carefully which made for a nice test but nothing fantastic!! We were 2nd with 66,29%.

Yesterday was the freestyle and I was determined to ride with more spark!! This worked a charm, Verdi went really well this time making a few mistakes because of being a little too sharp off my legs but we won with 72,66%!! As I said to Chris I'm still searching for that exact feeling of how to ride him in the ring, it is such a fine line with a horse as sensitive as Verdi but it is all a learning curve!!

CDN Zandhoven  
Dear All

Yesterday we competed in our first National competition. What a difference coming out of regional competition, I swear all the horses are bigger, the riders are extraordinary (mostly all professionals) and generally quite daunting. I last competed on the national circuit in 2008 and felt very much like the new kid on the block again. To make matters worse I didn't have Chris there to hold my hand!!

Anyway we got down to business, we had the most amazing amount of rain the night before and it continued raining the whole day, all the competitions in Holland were cancelled but the Belgians kept going! We warmed up indoors and then had to ride our test outside. Next to the arena was a field with some yearlings in which Verdi found fascinating. It did help me with my half passes to the left because he desperately wanted to see what the youngsters where up to!

On one hand I was pleased at how we managed to get through the test on the other a little disappointed as I know we can do the test a lot better. We finished 3rd with 65,92% out of a class of 28 horses in the M10 class.
