

Denise Hallion, Hampshire – UK based South African Dressage Rider

Denise recently took her 5year old Wervelwind too a novice competition in Hampshire and they had the highest score of 73.5%, the nearest score being 66%. In the UK you can enter 'training' which means you compete and your scores are published but you don't get the points. Denise opting to do this because Wervelwind has already qualified for the Summer Regional's at Novice and he is getting such high scores and accumulating too many points which means that he would have to move up the grades too quickly!. Wervelwind is also on the top 100list of British Dressage top performing horses in fact he is number 67 at the moment.

On the Sunday Denise took Mayhill Santana (Mayhill being Denise and her husbands stud in Hampshire) to his first PSG event in Hampshire called Sparshot College. It poured down with rain and they were absolutely drenched, but this did not put them off their work at all. Mayhill Santana was fabulous and got a score of 63.69% and came third. Denise was very proud of her horse and the judges spoke to her afterwards congratulating her on their performance as it had been a very strong class.

Denise going to the upcoming CDI's in Hartpury and Hickstead.
