

## **EVENTING OFFICIALS DEVELOPMENT – 2012 FEI GLOBAL EDUCATION PROGRAMME**

The Global Education Programme is an FEI funded initiative whereby officials who have shown competence and eagerness to progress up the FEI Officials levels are selected to travel to prestige events to shadow experienced senior officials to gain hands on global knowledge.

The FEI prides itself on its global international remit and there is no doubt that for diligent persons with a flair and acumen for officialdom be it as a course designer, technical delegate or ground jury member a “career” in these fields can be very rewarding offering travel, camaraderie and involvement with the world’s top athletes and organisers.

The Eventing Technical Committee submitted applications for five of our FEI officials to participate in the Eventing Global Education Programme 2012 – **we are delighted to announce that all five have been accepted!**

**Ground Jury Member Lesley Mawhinny (FEI 1\* & 2\*)** has accepted the invitation to Shadow Judge at Lexington, USA, CCI4\* from 25-29 April 2012 (her first 4\*).

**Technical Delegate Colin Fletcher (FEI 1\* & 2\*)** has accepted the invitation to officiate in the Shadow position i.e. Assistant TD offered by OC of Strzegom, Poland for their CIC3\*W to be held from 01 to 03 June 2012.

**Technical Delegate Pam Fillery (FEI1\* & 2\*)** has accepted the invitation to officiate at the Sydney (AUS) event in April 2012.

**Course Designers Tim Payne and Graham Winn (FEI 1\* & 2\*)** have been selected to participate in a Course Designers workshop as part of the GEP, the location and date of workshop will be communicated soon.

This acceptance again of South African Eventing Officials to participate in the Global Education Programme is acknowledgement by the FEI that our officials have earned the right to be part of their Development programme – congratulations to everyone selected – we look forward to hearing about your experiences on your return.
